694. 1846 From a small hoard of around 80 coins, these 1846 are all Almost Uncirculated and exhibit some original colour but they all have patchy toning. The appearance is of having been in the back of a fire grate or chimney at some time. They were found recently in Plymouth. For a rare date to turn up as a small hoard like this is indeed a rare event. They come in two varieties:

a) with a small, neat 4 in the date and b) with a much larger 4, the result of the 4 being re-cut over a higher 4.
